

# Register now! Join 1 of 3 patient seminars on GERD and LINX<sup>®</sup>, hosted by leading expert Dr. John C. Lipham

## John C. Lipham, MD

Dr. Lipham is a Professor of Surgery at Keck School of Medicine of USC and specializes in benign and malignant diseases of the foregut. His current research focuses on developing less invasive methods for diagnosing and treating GERD. Dr. Lipham will discuss everything you need to know about the disease and treatment of GERD. Treat the problem, not just the symptoms!
