

Introducing the

Accelerated Solutions Agreement

The Accelerated Solutions Agreement (ASA) gives you piece of mind by satisfying CARTO[®] 3 System lab needs to stay covered, current and cost-effective, and includes:*

Premium Service	System Customizations	Future Innovation
<ul style="list-style-type: none"> • 3 year priority service for your CARTO[®] 3 System and SMARTABLATE[®] System* 	<ul style="list-style-type: none"> • Ability to add legacy technology when needed 	<ul style="list-style-type: none"> • Next Generation Software Modules and Hardware*

With the ASA, we target reduced lab downtime through priority technical service along with budget predictability through the inclusion of future software and hardware innovation for the next three years.

Ask your Biosense Webster, Inc. sales representative how a customizable ASA can help unlock your lab's full potential for the next three years, starting today!
