

VELYS™ **VELYS™ Hip Navigation**
Patient Education Resource Packet Introduction
Digital Surgery

As part of the commitment of DePuy Synthes Companies to you and the patients you serve, we are pleased to provide you with this patient education resource packet highlighting anterior approach hip replacement utilizing VELYS™ Hip Navigation. This packet provides a range of materials that you may find helpful in your patient education and engagement activities. The following materials are provided to you in the accompanying folders:

- Patient brochures for general hip replacement and technology-assisted hip replacement surgery with VELYS Hip Navigation
- Fact Sheets related to osteoarthritis and the use of advanced technology for anterior approach hip replacement
- VELYS™ Hip Navigation sample website content
- Images and logos of DePuy Synthes implants and technologies used in anterior approach hip replacement
- Public relations resources including press release template, pitch letter template, newsletter, and social media sample content on the availability of the anterior approach procedure with VELYS™ Hip Navigation
- Total Hip Replacement educational in-office poster
- Hip replacement wall chart
- Additional VELYS™ Hip Navigation promotional materials like billboard artwork and digital banner ad

Physical copies of many items, in addition to other patient education items such as bone models, may be requested through your DePuy Synthes sales consultant. New resources on VELYS Hip Navigation will continue to be added to our Patient Education Resource Center. You can access this portal at www.depuysynthes.com/education-resources. Please note that these folders are read-only, so you can pull content from them but not save to them. We hope you find these resources helpful in your patient education and engagement efforts.

Sincerely,

DePuy Synthes, The Orthopaedics Company of Johnson & Johnson

The materials provided here by DePuy Synthes, The Orthopaedics Company of Johnson & Johnson, are intended for use by health care professionals and health care facilities to assist with patient education. Some of the materials provided are templates that include paragraphs to be completed by the user. Other portions of the templates, as well as other materials provided, contain text developed by DePuy Synthes. The user agrees not to modify this. Completion of the templates and final implementation of the materials are the responsibility of the user.

Every patient is different and individual results vary. Not all patients are candidates for joint replacement or the Anterior Approach. All surgeries carry risks.

Please refer to the package insert for a complete list of indications, contraindications, precautions, and warnings. For further information on DePuy Synthes products, please contact your local DePuy Synthes representative.
