Surgicel®

BECAUSE
EVERY SURGERY
IS DIFFERENT

No day in the operating theatre is ever quite the same. You need to be prepared to face every continuous oozing bleeding situation that comes your way. Having the right products to address the kind of nuisance bleeding that won't stop with compression or simple packing not only saves time, it helps you get back on track.

There's a SURGICEL® for every **continuous oozing situation**

Trust the SURGICEL® Family of Absorbable Haemostats to deliver:

- ▶ **A history of fast haemostasis.** The SURGICEL® Family of Absorbable Haemostats achieves hemostasis faster and more efficiently than other topical absorbable haemostats.^{1,2†}
- ▶ **Consistent bactericidal properties.** SURGICEL® Absorbable Haemostats demonstrated consistent bactericidal activity *in vitro* against the top five pathogens commonly reported to cause surgical site infections.^{2,5}
- ▶ **Cost efficiencies.** Total costs were significantly lower with no difference in clinical outcomes when the SURGICEL® Family was used.⁶
- ▶ **Full dissolution** into a clear, pure, particle-free solution.‡ SURGICEL® is made of 100% oxidized regenerated cellulose.¹
- ▶ **The highest level of reproducible quality and consistency** in the ORC/OC adjunctive haemostat space.¹

World's #1 trusted brand of adjunctive haemostats with over 50 years of proven safety and efficacy.^{1,7-8}

AH: Absorbable hemostat; OC: Oxidized cellulose; ORC: Oxidized regenerated cellulose.
